

Stainless steel tank 100L

Ref: 1231

Type

Stainless steel tanks

Dimensions

Diámetro 200,00 / 464,00 mm - Altura 697,00 mm - Diámetro del grifo 1/2"

Condition

Excellent

Characteristics

This tank is made of stainless steel with a flat bottom and has a capacity of 100 litres, a 200 mm diameter screw cap and two handles for a better grip. It does not include a tap but is compatible with a ½ inch tap.

Ideal for storing and transporting spirits, oils, water and any food grade liquids.

Large 200mm top diameter for easy filling and cleaning.

TIG welding, which is of better quality as it is less susceptible to corrosion, as the shielding gas prevents contact between the oxygen in the atmosphere and the molten pool.
