TRIBLOCK 10-12-04

The TRIBLOCK 10-12-04 model is the solution for the bottling requirements of your company or that of your client. The rinsers, the filler and the capper are mounted on the same machine, with the consequent saving of space and ease of work. It is built with top quality materials (AISI304 stainless steel and food-grade materials) and protected with a cabin according to CE standards, with automatic machine stop in case the doors are opened to carry out an intervention.

An ideal opportunity that you should not miss.
